

COMPANY PROFILE

“Your Needs, Our Specialisation”

D.SoS Security was formed with the aim and objectives of tendering in respect of black economic empowerment in terms of supplying quality services to the government parastatals, private companies, municipalities, etc.

The conventional approach to security and merely understanding the markets is no longer sufficient. With criminal activity and the threat it poses to business becoming increasingly, sophisticated. D.SoS Security realizes that the only way to manage and minimize risk, is by being proactive in anticipating future losses and designing systems to counter these losses. D.SoS Security regards itself as a specialist industry guarding company.

We have recognized the need to develop highly specialized teams who would have the advantage of understanding a niche market sector. These are one of the many reasons, that we are making huge inroads in a very competitive environment.

We are dedicated to providing safe, reliable and effective means of protecting people and property. One of the foundations upon which we have built our business is our commitment to service excellence and our customers' needs are our highest priority.

D.SoS Security has a network that has been built from the ground up. With the endemic growth rate in crime throughout South Africa, and the expertise and knowledge we have gained over the past 5 years, we believe we can handle the challenges that South Africa presents.

D.SoS Security specializes in all disciplines, namely commercial, industrial, retail, higher institutions and hospitals. We provide personnel that will contribute to the enhancement of our business partners' image.

PRIVATE SECURITY INDUSTRY REGULATION AUTHORITY

All South African divisions of D.SoS Security are registered with the Private Security Industry Regulatory Authority (PSIRA); all of our guards are registered and certified by their accredited training program. The primary objectives of the authority are to regulate the private security industry in South Africa and to exercise effective control over the practice of the occupation of security service providers in

the public and national interest and the interest of the private security industry itself.
